MIFF delayed until the summer

Written on 26 January 2022.

The Malaysian International Furniture Fair, the largest furniture trade show in Southeast Asia, has been delayed until the summer.

Originally due to be held from 8-11 March, the event will now take place on 6-9 July at the Malaysia International Trade & Exhibition Centre and World Trade Centre Kuala Lumpur.

The show's digital exhibition - MIFF Furniverse - will also take place.

'In view of the announcement that Malaysia will delay the opening of its borders to international travelers, we have decided to proactively reschedule MIFF 2022 from 8-11 March to 6-9 July to ensure the show is as successful as possible. We believe that the new dates of MIFF 2022 will allow exhibitors to meet with buyers from around the world who have longed for a face-to-face meeting with them,' says Karen Goi, MIFF general manager.
